RSS Manager for Windows is completely free and doesn't require any program registration

Advanced RSS Mixer Premier

Advanced RSS Mixer Premier Full Crack is a lightweight application that is designed to help you download and manage RSS feeds. The software is made available in a 3-step wizard-like interface, which provides you with a clean and straightforward way to download RSS feeds. With the help of a wizard, you will be offered guidance through the entire setup process, including presets, categories, source feeds, and user-defined ones, and several options for sorting feeds, viewing details, and uploading. Advanced users can skip this step and tweak the settings on their own. The tool lets you create a schedule in order to automatically update RSS feeds, search RSS feeds, delete feeds, and upload the output to the desired location. You will be able to save your RSS feeds locally on your computer, FTP upload it to a server, or upload it to a folder that is shared with the FTP server. The software features helpful options for creating RSS feeds, which enable you to choose the encoding format, the feed titles and description, the language, the date, the webmaster, the domain, the category, or the number of categories. Plus, you will be able to add images to each RSS feed, localize the downloaded file, and allow the software to skip specific days from the week or hours. The application allows you to capture the HTTP traffic in order to upload data to the FTP server. In addition, the tool can set the status of your RSS feed. You will be able to use advanced filtering, delete items, sort the feeds, and export details to a file. A log is kept with details about all your actions and possible errors. What's more, you will be allowed to choose the input file type, specify the maximum number of feeds, sort items in the order that you want, and designate the folder where the RSS file should be saved locally. You will also be able to select a sub-folder where RSS feeds should be uploaded automatically. You can choose between the following output files: CSV, HTML, RSS. Advanced RSS Mixer Premier Torrent Download Features: * Create the desired RSS feeds by choosing from several presets * Simplify the creation process for advanced users * Filter RSS feeds by using key words * Sort RSS feeds by title, description, date, source link or *

Move RSS feeds up or down * Capture HTTP traffic and upload data to the FTP server * Include images to RSS feeds * Adjust the URL encoding format * Save RSS feeds locally on the hard drive * Automatically upload data to a b7e8fdf5c8

What's New in the?

Advanced RSS Mixer Enterprise is a professional tool for organizing RSS feeds and uploading them via FTP. You are offered an intuitive user interface with a lot of convenient features for assisting you. Streamlining the RSS workflow Advanced RSS Mixer Enterprise allows you to configure RSS feeds in several preset categories and sort and organize them with ease. The tool supports HTTPS connection. You may specify the RSS title, description, link, language, editor, copyright, webmaster, and category. In addition, you are allowed to tag items with metadata, set up a schedule, and choose to have data updated or archived. In addition, you are allowed to select the desired timespan to have data updated. Advanced RSS Mixer Enterprise allows you to filter RSS feeds according to the latest date, webmaster, editor, and copyright. You may configure this filter to skip certain days, hours, and parts of the day. You are also allowed to sort RSS feeds by title, description, link, source, and date, and choose between two popular encoding methods. What's more, RSS feeds are associated with images, and you can save the output file locally on the hard drive. What is also nice to point out is that the RSS feeds can be uploaded to FTP servers.

Optimized for working with RSS feeds While both standard RSS feed readers and RSS toolboxes may include RSS feed management features, the app is more powerful and comes with numerous advanced options. The software comes with the ability to work with RSS feeds through HTTPS connections. Both RSS feeds and local files may be uploaded. In addition, you are also allowed to select the desired timespan for RSS feeds to be updated. Moreover, you are also allowed to remove the categories manually or have them created automatically. Advanced RSS Mixer Enterprise supports the following encoding formats: ISO-8859-1, UTF-8, and Unicode. In addition, you may choose between retaining line breaks, replacement of line breaks with spaces, and automatic correction of line breaks.

Seamless integration with major Windows applications The software is integrated with other Windows applications through its RSS feed management capabilities. You may save the RSS output locally, upload RSS feeds to FTP servers, and associate them with photos. Moreover, you may also schedule feeds to be updated periodically. You may also create RSS feeds for calendars and choose between using Windows default encoding and Unicode.

Advanced RSS Mixer Premium is a software for automating RSS feed uploads with one of the most convenient interfaces.

Minimum: OS: Windows 7, Windows 8, Windows 8.1, Windows 10 Processor: 2.2 GHz dual core or faster Memory: 2 GB RAM Graphics: NVIDIA GeForce GTX 660 or better, AMD Radeon R9 270 or better DirectX: Version 11 or higher Storage: 3 GB available space Additional Notes: For optimized performance, we recommend a monitor with at least 1920 x 1080 pixels at 60 Hz. Recommended: OS: Windows 7, Windows 8, Windows 8.1,
