The Legend of Tarnished has been keeping an eye on the progress in the Lands Between, as it waits for the day that it shall be able to step forward. The day when the Elden Ring will be united in a magnificent warchief as the new hero. When that day comes, you will be the one to help it progress to the edge of the Lands Between. You will be given a Tarnished, whose body seems to reflect the outline of an Elder Tree. It's dormant, but it is a symbol of the might of the Elden Ring, for it has been corrupted by evil. It has already taken one life, but its heart as a symbol of the Elden Ring is intact. If you can revive it, it will join you in the fight. However, you will not be alone in this battle. An adventurer from the Lands Between will also accompany you. He has awoken before you, and used the life energy that flows through his body as the power to be reborn as an Elder Tree. He has sacrificed all his life for the sake of the Elden Ring, and is now set on the path of the faith. He will be your partner in the epic struggle against evil. He is a being with a wide-ranging mind, and he will exchange information with you through the actions of your Tarnished. Tarnished is a mythical creature that has been exaggerated by the legend of the ancient Rune Wars. When the Elden Ring is united in warchief and a new era of greatness dawns in the Lands Between, its presence will be seen and its power will be felt as never before. When that time comes, the Legend of Tarnished will step forward to fight alongside you. The OTS solicited public comments on the draft Supplemental Regulatory and Deregulatory Flexibility Act of 2007, a summary of which has been issued by the agency. I thought I would share the OTS letter with Congressmen, and also encourage you to directly contact your local Member of Congress about foreclosure issues. Below is a copy of the letter to your elected officials. Dear Representative: I invite you to read the attached letter, which reflects our particular Section of the Federal Home Loan Bank Act (section 1464) and includes recommendations for changes to certain existing provisions of the law, and amended forms of supplemental regulation. While many of the proposed changes have been publicly debated before, I hope they will serve as a useful blueprint for our consideration. As is often our wont, ours is a large, diverse agency that looks to understand and therefore to help explain our home, as well as that of our constituents. It is not only appropriate but also critical that the public have
