His journey through the Lands Between is fraught with obstacles that greatly hinder his progress. The Lord is a mysterious character, and it's the job of the player to gather clues from the environment to help him explore his surroundings. As time passes by, the Lord will meet new people and get involved in other people's affairs. However, the people he meets will do so at their own peril. The Elden Ring is a world where people live together in the Lands Between, but it's an absolute paradise for those who live there. Those who live in the Lands Between are called the "People of Power" and will be the main characters of this story. **SERIES STORY HIGHLIGHTS** 10 years of development history As well as a long journey of great difficulty, the fantasy world of the Elden Ring has been carefully designed.
