INTRODUCTION

Adventurers like yourself have arrived in the Lands Between. There, you will find a world of various challenges, where the pride of the seasoned adventurer and the fear of the beginner all come together.

This is the world in which you are now a Tarnished: an adventurer of ancient lineage with atrocious luck who has been pardoned by the Demon King so that he can participate in an elimination tournament against the best adventurers of the age.

Your destiny is before you. Your path has been set; your outcome is in your hands. Others who are looking for a choice in their destiny wait for your footsteps. Will you choose to return home or will you be forever a Tarnished? Will you conquer any enemy or perish in the wilderness?

As your life slowly flows into the Lands Between, new stories will be revealed, and many people you have encountered will pass from this mortal coil. Your soul and character will change, as you spend countless nights in your own quarters, following the trail of other adventurers, struggling in a medley of the world's excitement and challenges.
