You may use this font as permitted by the EULA for the product in which this font is included to display and print content. You may only (i) embed this font in content as permitted by the embedding restrictions included in this font; and... Your app may be impacted by changes to fonts in Windows 10 if you have a Windows Phone app that has a dependency on one of the fonts that has been excluded from Windows 10 Mobile, or if

you have a Windows desktop app that has a dependency on one of the fonts that has been migrated into optional font packages, and if your app does not make use of font fallback mechanisms provided by Windows. Types of apps and app scenarios most likely to be impacted include: The fonts recommended on this page have been tested for functionality on PCs running Windows XP/2000/2003/NT. They are unsuitable for use with Macintosh computers,

because they make use of OpenType technology, developed jointly by Microsoft and Adobe, for displaying vowel signs (matras) and ligatures appropriately. While OS X also recognizes OpenType layout tables, it uses a different rendering engine (ATSUI), and these fonts are written for Microsoft's engine (called Uniscribe). 5ec8ef588b
